

PRESS RELEASE

Pähl, September 2012

Sabine Tedden is appointed HR director of Aenova

The Aenova Group, Europe's leading manufacturer of medicines and dietary supplements, has appointed Sabine Tedden as the new head of its HR department with immediate effect. Sabine Tedden was previously head of personnel and HR director EMEA at Exact Software Germany GmbH, and at E.ON Energy Trading SE.

After training as an industrial administrator and taking a degree in business administration at the Baden-Württemberg Cooperative State University in Mannheim, Sabine Tedden completed a further degree in business studies at the University of Passau, specialising in organisation and human resources. She has been working in the field of personnel since 1992 and has more than 20 years experience in different areas of human resource management at international big concerns.

For the last 11 years, she has been head of personnel at E.ON Sales & Trading GmbH based in Munich, and from 2008 HR director at E.ON Energy Trading SE in Düsseldorf. Sabine Tedden took responsibility for the HR part during the centralisation of the pan-european trading business of E.ON moving 700 employees and was able to keep business-critical experts in specialist and executive divisions. Furthermore she supported the development of the international business in the following years successfully.

Sabine Tedden took up her new position as HR director of Aenova on 17 September 2012. Aenova CEO Heiner Hoppmann is full of confidence in his new colleague's abilities:

"I am certain that Sabine Tedden's personality, professional experience and excellent leadership skills will be the perfect complement to the existing Aenova management team and that she will help to take our HR projects forwards."

About Aenova

Aenova Holding GmbH was established in 2008 following the merger between two prominent medium-sized companies: Dragenopharm Apotheker Püschl GmbH and SWISS CAPS AG. The Aenova Group is now one of the leading manufacturers and suppliers of medicines and dietary supplements in oral dosage forms, such as soft gelatin capsules, hard capsules, conventional tablets, film-coated tablets, dragées and effervescent tablets for the pharmaceutical and healthcare industry. The group has an annual turnover of around EUR 250 million and employs 1600 people at its sites in Germany (Tittmoning and Bad Aibling), Switzerland (Kirchberg, Muttenz and Bioggio), France (Lyons), Romania (Cornu) and the USA (Miami). The Aenova Group, which has its headquarters in Pähl, offers its customers a complete portfolio of services, ranging from development, procurement of raw materials, production and analysis through to packaging and logistics.
